III. RECRUITMENT INITIATIVES

	Type of Recruitment Initiative	Brief Description of Activity
1	Personnel Training	<p>(The licensee) provides regular training to its employees based on the job description of employee. Account Executives receive sales training. Board Operators, as well as Programming Directors, meet together with the Chief Engineer to discuss technical operations and proper programming for on-air operations and upcoming Live Events. These ongoing efforts provide employees with the opportunity to develop their skills. Regular full-staff meetings are also held to acquaint both programming and sales with what is going on in each department of the station.</p>
2	Event Participation	<p>(The licensee) set up and staffed a booth that live broadcasts were performed from during the licensee's annual Farm Show held each January and the Outdoor Recreational Show held each August. The thousands that attended these shows were able to stop by and talk with employees about radio and opportunities in broadcasting.</p> <p>(The licensee) set up a booth and broadcast live at two different local 3-day weekend Home Shows. The thousands that attended these shows were able to stop by and talk with employees about radio and opportunities in broadcasting.</p> <p>(The licensee) sponsored a "Pasture Party" outdoor entertainment event in the month of September. Station personnel were on-hand throughout the day to discuss radio and opportunities in broadcasting to those in attendance.</p>

	Event Participation(continued)	
		(The licensee) shared a booth with a station advertising sponsor at the Oklahoma City Job Fair at the State Fairgrounds, the Oklahoma City Chamber of Commerce Job Fair. Throughout the day station personnel were on hand talking to perspective employees about a career in broadcasting.
3	Advisory Committee	
		Station's Operations Manager serves as a charter member of the Northern Oklahoma College Mass Communications Advisory Committee. This consists of a select group of area broadcasters and newspaper print operators that were put together to help advise the college on courses of study and technological advances in the field to best prepare students for employment after graduation.
4	Station Tours	
		During the past year the radio stations gave tours to a pair of locals Scout Troops and a group of individuals from a Department of Human Services foster home. The tours, led by the stations General Manager, included descriptions of all jobs associated with a radio station and examples of what each employee does for the station as a whole. At the end of the tours the groups were brought into the Production Room where their voices were recorded, and they were shown how digital editing is used to put them on the air.

4	Station Tours(continued)	<p>On March 22nd, a group of Mass Communication majors from Northern Oklahoma College toured the station and facilities. Led by the Operations Manager, the tour gave the students an opportunity to interact with employees of the station in all areas of operation. Various methods of broadcasting were discussed during a question and answer session at the end of the tour.</p>
---	--------------------------	---

5	Internship Program	<p>Each year our station group offers internship opportunities with area colleges. Interns receive college credits for their internship hours. Station personnel are responsible for overseeing the interns and evaluating their progress. All interns receive training and exposure to the skills necessary for beginning a career in the broadcast industry.</p> <p>June-August 2017- A student majoring in Mass Communications at St. Gregory University completed an internship with our group. The student learned to operate on-air control boards, as well as doing some play by play broadcasts from the local baseball ballpark. The groups Sports Director supervised the student intern.</p> <p>During the month of January, a student from Pond Creek Public Schools completed a “job shadow” with the Senior Account Executive of the station group. The student followed the account executive, learning sales skills, as well as aspects of production of commercials for clients.</p>
